

iMMCamTM AFL-80

Portable Gooseneck Document Camera

The Ultimate Portable Document Camera! The Recordex iMMCam AFL-80 sets a new standard for value and performance with 96x total zoom, high-resolution 3.2 MP imaging, and hands-free auto-focus.

Amazing 3.2MP SXGA Camera. The iMMCam AFL-80 combines a precision glass lens with a rich 3.2 MP SXGA camera sensor to deliver outstanding image quality.

Powerful 96x Zoom. With 12X optical and 8X digital zoom, the iMMCam offers the ability to get up close to all the details of your documents, photos, maps, and 3D objects that lesser cameras simply miss.

Gooseneck Flexibility. The AFL-80 features a rotating camera head mounted on a flexible gooseneck arm to give you maximum flexibility when capturing images. View from any angle with ease.

Fine Image Adjustment. With both automatic and manual control over white balance and exposure your images will appear exactly as you wish. Let the camera do the work for you, or trust your own eye and tweak the setting manually.

Image and Transition Effects. Use the built in image and transition effects for smooth impressive presentations. Use the freeze effect to freeze the frame while you transition objects to keep your audience focused on your presentation. The iMMCam AFL-80 both feature a full suite of effects including split screen, negative image, mirror image, black/white and color image toggle, text mode, and image freeze.

5-Year Warranty. Our 5-year limited warranty covers all parts including the LEDs. Parts and labor covered for 5-years. Accessories carry 1-year warranty.

Deluxe Carrying Case. What good is a portable document camera without a padded carrying case? Tote your iMMCam AFL-80 with ease with our free padded carrying case. Zippered mesh pockets keep all your cables and the IR remote in one safe place.

Hands Free Auto Focus. The AFL-80 auto-focus lens makes it a breeze to zoom in and out while you are making your presentation. Adjust optical and digital zoom from your remote and watch while the camera automatically refocuses the lens for a crisp clear image every time.

LED Lights. All iMMCam document cameras feature environmentally friendly LED lights. Not only do they outlast other lighting options, they use less energy and don't contain any harmful gasses or chemicals.

Capture It! Like what you see? Then save it for later. Capture video at 25 fps or snap an unlimited number of still images and save them to your computer through the USB 2.0 connection using the bundled software. Easily edit, manipulate or annotate captured images using your preferred software. The VGA passthrough feature allows for easy displaying of your computer desktop. Snap a still, and annotate over it using your computer and display it to the audience through VGA passthrough. Also store up to 32 hi-resolution images to internal memory.

Compact Design. The truly portable and compact design of the iMMCam AFL-80 make it the perfect desk or AV cart companion. The base measures just 7 1/2" x 7 1/4" and weighs 4.5 lbs.
