* Soft Doc Mat included only with SC5i and SC5i+

Your SimplicityCam comes bundled with video capture software to capture still images and video.
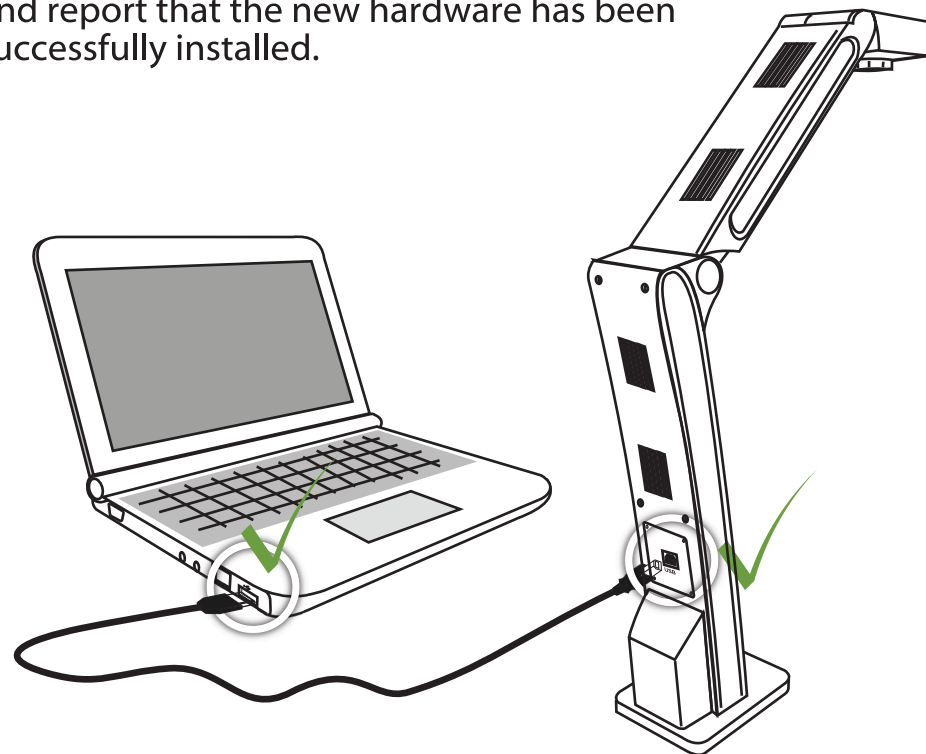

To download and install the most up to date version of the software go to our **Going Green** Installation Guide online.

You'll find Windows® and Mac OSX® software as well as videos to help you get a quick handle on how to use the SimplicityCam.

Enjoy!

Make USB Connection

Note, the SimplicityCam drivers will install when the camera is plugged in to the computer. No driver pre-installation is required. Simply wait a few minutes for Windows or OSX to install the drivers and report that the new hardware has been successfully installed.

To complete the setup and installation of your SimplicityCam please visit our **Going Green** Installation Guide online at

Mac OSX Users

XSight HD Viewer is currently only available for Windows. If you are a Mac OSX user then we have partnered with EchoFX to bundle VideoGlide capture software with our cameras. VideoGlide is one of the most popular video capture applications for the Mac platform.

To download VideoGlide use this link: **http://www.recordexusa.com/scmacregistration.html**
